WELCOME TO MILAN!

It is with enthusiasm and great excitement that we invite Health Records and Health Information Managers around the world to participate in the

16th IFHRO International Congress:
*‘Better Information for Better Health’
the way forward to a safe, responsive
and integrated healthcare.*

The event will provide an unrivalled opportunity for health records/health information management professionals from around the world to meet in a superb venue to strengthen their commitment to their profession, participate in educational activities, professional networking, information exchange and social activities. Moreover, the

5th National Conference of AIDOS
‘IT al servizio della salute: iniziativa in corso’
will be held on the 15th Nov 2010 to coincide with the IFHRO event.

Main Topics:

- Health Information Management and Patient Safety
- Electronic Health Records, Electronic Medical Records, Patient Health Records
- Privacy and Security
- Health Information Management and Scientific Research
- Management and Integration of Care
- Monitoring and Evaluation of Health
- Classification Systems, Clinical Coding and Data Quality
- Management and Quality of Medical Records
